KS2 Class Teacher

Description

KS2 Class Teacher

I am working closely with the Headteacher of a Primary School in Stevenage to try and find for them a KS2 Class Teacher. The Current teacher is moving out of the area, the head teacher had found a replacement but unfortunately this has fallen through hence the school are in a tricky situation and have contacted me to see if I can find them a replacement for the entire summer term. The class that needs covering is one of their Year 4 classes. A KS2 Class teacher with recent experience of Year 4 would be the perfect solution as they would be able to hit the ground running. Having said that any KS2 class teacher or KS1 class teacher would be able to take on this position as there is an experienced Year 4 teacher in the parallel class.

The successful candidate must have,

- A Passion for teaching and learning
- Availability for the entire Summer Term
- Qualified Teacher Status – QTS
- An Enhanced DBS check
- 2 Good References
