Primary School Supply Teachers

Description

As ever I am hard at work trying to recruit Primary School Supply Teachers.

There is always the need for those wanting to do day to day cover no matter how much time you are able to offer. I recruit teachers wanting from 5 days per week to those who are looking for half a day every other week!

At the moment there is a particular need for teachers looking for Mid/Long Term cover. For Example Maternity Cover or Interim Positions where schools have recruited but the new starters are not available until Easter.
