Year 6 Class Teacher

Description

2 x Yr 6 Class Teachers

Are you up for the challenge?

I have been contacted by a Head Teacher who I have worked with for many years who has been tasked with trying to help turn around another school within the county.

First on her list is to ensure that the current Year 6 Class have the best possible education and experience between now and the end of the academic year. To make sure that this happens the class are going to be split into two classes with 14 pupils in each. We are looking to recruit 2 experienced Year 6 Teachers who can work in tandem and are up for a challenge. The children have had a difficult time and they need Teachers who are most importantly going to be calm to help them get back on track. The successful candidates will also be excellent practitioners who can deliver high quality and well paced lessons to ensure that these children are given the best opportunities to succeed.

This is not a job for the faint hearted and a real challenge lies ahead but with any special project like this the rewards of seeing a class of children like this achieve are immeasurable.

All teachers need to have QTS and be prepared to undergo all relevant vetting and safeguarding checks.
